EXT. THE RED HOUSE - NIGHT

A small red two story house stands on top of a large mountain. Snow lays on the ground.

PERSEFONI (5), builds a snowman. She takes off her green wool hat to reveal short blonde hair. She puts it on the snowman.

She steps back and tilts her head as she looks at the snowman. She removes her purple scarf and wraps it around the snowman's neck. She holds the snowman's stick hands, then runs inside.

INT. THE RED HOUSE - CONTINUOUS

The house has wood floors, a large brown couch, and a coffee table.

Persefoni goes up the stairs, and stops outside a cracked open door.

In the room sits a large bed with a woman and man who sleep.

Persefoni scowls.

EXT. THE RED HOUSE - DAY

There are two cop cars parked outside with the lights flashing. One MALE COP brings out Persefoni along with PETER (15). The two children are holding hands. A FEMALE COP comes out of the house.

FEMALE COP

Any leads?

MALE COP

The evidence team will take care of that. We don't want to overwhelm these kids right now.

The two kids sit in the backseat of the cop car. Peter, crying, pulls Persefoni into a hug.

PETER

It's going to be okay, Persefoni.  
I'll take care of you.

Persefoni looks out the window and smiles. She looks at the snowman which now has red gloves on it's stick hands.
